Thanks, Marcia – these work!

Do you have any of the following additional shapefiles that you could share:

1. side scan data
2. bathymetry (whatever years you have)
3. navigational channel
4. RM 10.9 removal area (we may have an older version of this)

Thanks,

Stephanie

Stephanie,

I have included a shapefile showing the boundaries of the proposed probing areas, as well as the Utility areas. You should be able to forward this for others to download.

Thanks,

Marcia
